

Academy of Nutritional Medicine

**“Reversing heart disease
without drugs or surgery”**

**Wednesday 9 November 2011
6.30 - 8.30 pm**

Talk by Professor Albert Cilia-Vincenti

Professor Albert Cilia-Vincenti, former HM Coroner's pathologist and Director of Pathology Services to the UK and Maltese NHS, chairman of the Academy of Nutritional Medicine, and scientific delegate to the European Medicines Agency.

Professor Cilia-Vincenti will focus on how nutritional and lifestyle changes can prevent and reverse the number one killer in the western world – heart disease

Location: College of Naturopathic Medicine (CNM), 41 Riding House Street, London W1W 7BE - near Oxford Circus and Godge St. tube stations

£10
